

E-Z Systems Surgery Bed Stations

Give your wrists a rest. The raised platform provides a convenient rest for the wrists during surgery while the patient is stabilized on the bed with sutures. This stainless steel surgery station allows for optimal lighting, suture tie downs, and adjustable magnifying glass in one compact design. It is compatible with all three of our E-Z Anesthesia electrically heated as well as our non-heated V-beds. Easy to clean.

Surgery Stations Feature

- 304 Stainless Steel construction
- Non-skid feet
- Built in handrest
- Works with heated and non-heated beds
- LED light with 3 brightness levels
- 6X Magnifying Glass
